

# International Renewable Energy, Gas & Oil, and Climate Change Conference (IREGOCCC)

## Call for Papers

### Conference Theme

Renewable Energy and Oil & Gas Economy as a Solution for Sustainable Development and Climate Change mitigation

### Invitation

We are pleased to invite scholars, researchers, professionals, and policymakers to submit papers for the International Conference on Renewable Energy, Gas & Oil, and Climate Change, to focus on the vital role of renewable energy and Oil & Gas Industry in addressing the challenges of climate change mitigation and fostering sustainable development.

Conference Chair Prof. Ibrahim Rahoma M.Sc. & Ph.D. Energy Technology for Sustainable Development and Green Hydrogen Generation and Utilization, UK  
College of Engineering Technology Janzour, Tripoli - Libya

TRIPOLI - LIBYA

### Topics of Interest

We welcome high-quality submissions on a wide range of topics related to renewable energy, oil & gas, and climate change, including but not limited to:

Sustainable Development

Climate Change Mitigation

Environmental and Social Impacts of energy use

Renewable Energy Technologies

Oil and Gas Industry Transformation

Artificial Intelligence for Renewable Energy and Climate Change Mitigation

Policy, Regulations and Energy Economics

Environmental Impact Monitoring in the Oil and Gas Industry Using Remote Sensing

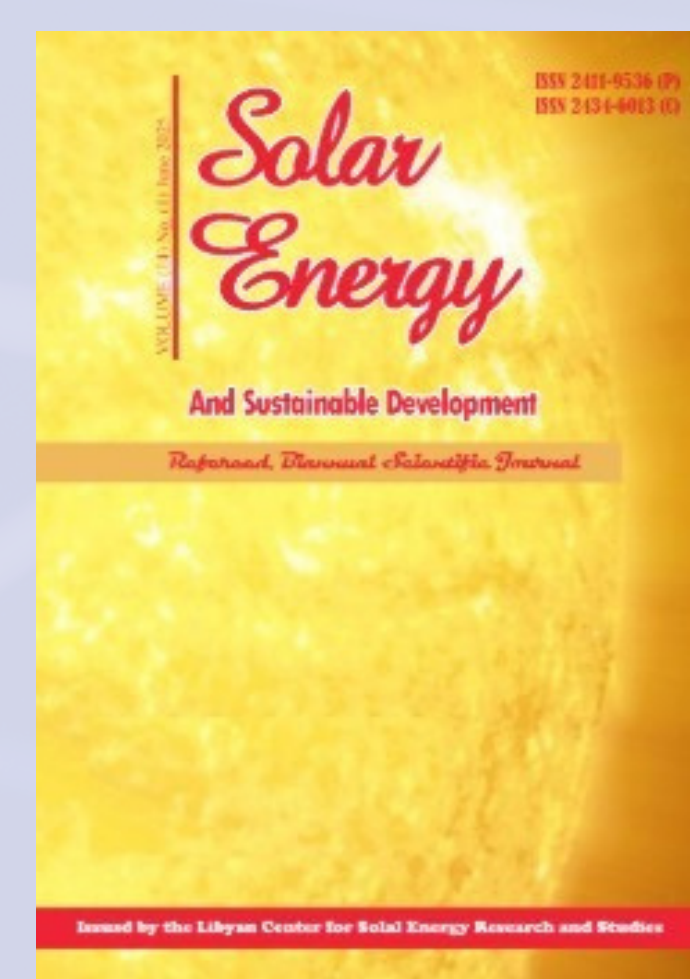

Applications of Remote Sensing and Geographic Information Systems (GIS) in Renewable Energy and Climate Change

### Paper Format

Papers should be submitted in IEEE format and should not exceed 6 pages. Detailed formatting instructions can be found on the conference website.

Accepted and presented articles will be published in the indexed conference proceedings. Selected articles will be considered for publication in one of the following journals, some of which are SCOPUS indexed

مجلة ليبيا للعلوم التطبيقية والتقنية

## Key Dates

Abstract Submission Deadline November 15, 2025

Notification of Acceptance November 30, 2025

Final Paper Submission December 15, 2025

Conference Dates February 06-09, 2026

The conference will be held at Tripoli International Fairground. Submission and registration details are provided on the conference website
